

13% OPTI-GAIN BEEF FINISHER

PRODUCT CODE: T513R

FORM: Textured

MEDICATION: Monensin 20g/ton

APPLICATION:

A complete feed formulated for feedlot cattle held in confinement for improved feed efficiency.

FEEDING DIRECTIONS:

Feed continuously to provide not less than 50 mg nor more than 200 mg of Monensin per head per day. 1 pound of T513R contains 10 mg Monensin. Amount fed will vary depending on calf bodyweight and amount and quality of forage available. Offering small amounts of fresh feed often will increase intake. Provide free-choice, high-quality hay and fresh clean water at all times.

CAUTION:

Do not allow horses or other equines access to formulation containing Monensin. Consumption by unapproved species may result in toxic reactions.

WARNING:

A withdrawal time has not been established for this product if pre-reuminating calves. Do not use in calves to be processed for veal. Do not feed to lactating dairy cows.
