

SHOW CALF CREEP*

PRODUCT CODE: T5906FOC

FORM: Textured

MEDICATION: Decoquinat e 27.2 g/ton

APPLICATION:

A complete medicated calf feed formulated for the prevention of coccidiosis cattle caused *Eimeria bovis* and *Eimeria zuernii*.

FEEDING DIRECTIONS: Feed T5906FOC as the sole creep ration along with a good-quality hay to starting beef calves. Feed for at least 28 days at a rate to provide 22.7 mg decoquinat e per 100 lbs of bodyweight daily. Feed during periods of coccidiosis exposure or when experience indicates that coccidiosis is likely to be a hazard. **1.67 lbs of T5906FOC contains 22.7 mg decoquinat e.** Free-choice salt and mineral and clean fresh water should be available at all times.

***SEASONAL: AVAILABLE FEBRUARY—AUGUST**

CAUTION: Do not use in feeds containing bentonite.

FEATURES AND BENEFITS:

- Contains a blend of steam flaked and processed grains for improved digestibility.
- Contains chelated trace minerals for improved absorption.
- Formulated with high vitamin fortification to combat stress.
- High quality blend of ingredients for improved bloom and hair coat.
- Lactobacillus for improved digestibility. Keeps stressed cattle on feed.
